Q: You have pushed false claims about people like President Barack Obama, saying he was not born in the United States, which is not true. You have told four congresswomen, women of color who were American citizens, to go back to where they came from. You have used words like 'animal' to describe Black district attorneys. You've attacked Black journalists, calling them a loser, saying the questions that they ask are quote, 'stupid and racist.' You've had dinner with a white supremacist at Mar-a-Lago. So my question, sir, now that you are asking Black supporters to vote for you, why should Black voters trust you after you have used language like that?

Trump: Well, first of all, I don't think I've ever been asked a question in such a horrible manner

Trump's entire campaign is in service of people like Elon Musk and himself — self-obsessed rich guys who will sell out the middle class and who cannot run a livestream in the year 2024.
